

Nursing Onboarding & Excellence Course List

The Nursing Clinical Excellence Program elevates the entire nursing staff's clinical performance by strengthening the critical decision-making skills that are required to achieve the highest level of patient care. Unique to this Program, TSG delivers a 'Challenge Module' that assesses the clinician's knowledge base in advance of completing the traditional 'Learning Module'. Learners will earn CE after successfully completing each module.

General Risk & Safety	CE Hours
Alternatives to Opioids for Pain Management	1.00
